

January 3, 2010

Hello Everyone and Happy New Year! It is hard to believe we are in a new year; they seem to go by so fast. Well our next breakfast is **January 9th** starting around 8:30. Hopefully the weather will be ok; I keep hearing it is going to be cold. If it is just the cold that we have to deal with and not rain and snow we should have no problems. We had a heater at the December breakfast so it was not too bad in the hangar, but it's still good to dress for the cold weather. We had a

good turnout with about 60 folks in attendance and everything went smooth.

It looks like we will need help again for this breakfast and all help would be appreciated. We will need someone to help unload the trailer on Friday night at the hangar to set up tables and in the morning to unload coolers. Please call 912-7145 (me) or 912-7144 (john).

Thanks to David and Mike and all who rescued us and helped get the mission accomplished in November and December, we look towards your assistance again to get us through this hardship. **John is having surgery on his back for the herniated disk and he will not be able to lift and do a lot of movement until he recovers.** We certainly hope that this will help him moving better again and he looks towards having a better year in 2010.
